

PROCEEDINGS IN THE HOUSE

Members Listened to Message of
the President.

SCANT APPLAUSE AT CLOSE

COAL COMMISSION EXPENSE
BILL COMES UP TODAY.

WASHINGTON, Dec. 2.—The house was in session an hour and forty minutes today. One hour of that time was consumed in reading the president's message. The reading was listened to with attention by members without regard to party, but without demonstration except at the conclusion of the reading, when the Republicans applauded generously. Mr. Cannon, chairman of the committee on appropriations, gave notice that the bill to defray the expenses of the coal strike commission would be called up tomorrow. The death of the late Representative De Graffenried and Shipard of Texas, which occurred during the recess, were announced, and after adopting the customary resolutions of regret the house adjourned as a further mark of respect to their memories.

Galleries Crowded.
The house met at noon today with a large attendance and crowded galleries. Immediately after the reading of the journal, Gordon Russell, who was elected to fill the vacancy caused by the death of H. W. De Graffenried and Shipard of Texas, who was elected to fill the vacancy caused by the death of Ames J. Cummings of New York, appeared at the reading of the journal. The speaker announced the following committee appointments: Mr. Hill (Conn.) on ways and means; Mr. Palmer (Pa.) on judiciary; Mr. Fowler (Ia.) director of the Columbian institution for the deaf and dumb; and Mr. Jenkins (Wis.) as consulting trustee of the reform school of the District of Columbia.

Waited For the Message.
Mr. Bingham (Pa.) from the committee appointed yesterday to wait on the president reported that the committee had fulfilled its mission and that the president stated that he would communicate at once in writing. The house then took a recess until 12:30 to await the arrival of the president's message.

When the house reconvened, Mr. Barnes, assistant secretary to the president, announced the president's message, which, by the direction of the speaker, was immediately read by the clerk.

The reading of the message was listened to attentively, especially those portions relating to the regulation of trusts, tariff and the anthracite coal bill. There were no demonstrations until the reading was concluded, when there was a generous outburst of applause on the Republican side. The reading consumed exactly an hour.

Referred to Committee.
The president's message was referred to the committee of the whole.

ELECTION FRAUDS
WILL BE PUNISHED

Washington, Dec. 2.—It is the purpose of Representative Richard Bartholdt of Missouri to urge the present congress to pass a measure providing for the prosecution in the federal courts of offenders against election laws. Today Mr. Bartholdt had an interview with President Roosevelt on the subject, and as he left the executive office said:

"Objection was raised at the last session of congress to a general law conferring jurisdiction in all election fraud cases on federal courts, but my proposition has been modified so that the question of federal courts will extend over only such cases as may involve fraud in the election of a president or of members of congress. I informed the president that it was my intention to introduce a measure conferring such power on federal courts."

QUESTION FOR NEXT
SESSION OF CONGRESS

Washington, Dec. 2.—Election committee No. 1 of the house decided today to report adversely on the resolution offered yesterday proposing that the credentials of Carter Glass, elected to the house from Virginia, be investigated. The resolution was presented with a view of having an inquiry made of the new Virginia constitution as regards alleged disfranchisement of voters. The committee decided that no action was advisable at this session, inasmuch as a full delegation from Virginia and other states which had adopted new constitutions will present credentials at the beginning of the next congress.

OKLAHOMA ALONE IS SURE.

Arizona and New Mexico May Wait
For Statehood.

Washington, Dec. 2.—Election committee on territories tomorrow will take up the bill for the admission of the territories of Oklahoma, New Mexico and Arizona as states, preparatory to the report to be made to the senate later in the day in accordance with the unanimous agreement arrived at last session. The Republican members of the committee, with the exception of Senator Quay, were in conference during the greater part of the day analyzing and classifying the testimony taken by the sub-committee which visited the territories during the month of November. While no authoritative statement has been made, Republican senators generally understand that, with the exception of Senator Quay, the Republican committee favor the amendment of the bill so as to provide for the elimination of New Mexico and Arizona and for the admission of Oklahoma alone.

Notice of Trustee's Sale in Bankruptcy.

Notice is hereby given that the undersigned trustee in bankruptcy of the estate of Korupkat & Co., bankrupt, will, on or before Wednesday, the 3d day of December, 1902, at 10 a. m., receive sealed bids for that stock, merchandise and store fixtures situated at 58 East First South street, Salt Lake City, Utah.

EDISON'S GREAT INVENTION

A THOROUGH AND EFFECTIVE
DISEASE AND GERM
DESTROYER.

A Blessing to the Afflicted and to
All Mankind.

New York, Dec. 2.—The announcement a few weeks ago that Thomas A. Edison, Jr., had discovered a new curative force which he embodied in his latest invention, the Magneto-Electric Vitalizer, started the whole world.

Hundreds of people have written from all quarters of the globe for a detailed description of the invention. No single invention of the past 200 years has done so much for suffering humanity as the Edison, Jr., Magneto-Electric Vitalizer. No other invention has received such absolute proof of its extraordinary properties in curing consumption, rheumatism, restoring shattered constitutions and in giving back new life and energy to the prematurely aged.

The one absorbing question of the hour is: What is the Magneto-Electric Vitalizer? What does it absolutely accomplish? Hundreds of instances can be cited in which the wearing of the Magneto-Electric Vitalizer has resulted in incalculable benefit to the wearer in even the shortest period of one week. Medical men in New York and in all of the large eastern cities have examined the new discovery and pronounced it one of the short period of one week. The ounce of cure for which the patient would have been waiting in the universal hospital.

Edison, Jr., is not alone in believing that if it be possible to perfect the human race it is in electricity that the means must be sought and found. He has used the same talents in reducing this epoch-making invention to a practical working basis as were used in harnessing and driving the lightning and collateral forces that play such an important role on the stage of modern progress and activity.

The Magneto-Electric Vitalizer is being placed on the market by Mr. Edison's own company, the Thomas A. Edison, Jr., Chemical Co., 4 Stone Street, New York.

Mr. Edison was seen in his laboratory yesterday. He said: "I am personally superintending the distribution of the Vitalizer, as well as attending to the correspondence relating to it, because I wish everybody to have an equal opportunity to secure its curative aid. I want to help all sick people to be well and strong, but I mean to see that the same attention is given to the case of the farmland, afflicted with rheumatism, who writes me from Nebraska, that is paid to the rich men residing in one of the palaces on the Hudson, who is suffering from nervous prostration. I am playing no favorites; any one with a 2-cent postage stamp can write to the Thomas A. Edison, Jr., Chemical Co. and obtain my booklet, which will tell him clearly what the Vitalizer is and what it will do for him."

IDENTIFIED BY SHERIFF.
El Paso, Tex., Dec. 2.—Sheriff Ford of Rochester, N. Y., is in El Paso and identifies Mason and Richardson, against each of whom there are two indictments for alleged manufacturing of evidence in divorce cases at Rochester and Buffalo. Richardson is said to have admitted today that he was Jesse E. Hubert, formerly an attorney at Rochester.

GENERAL ALGER TAKES HIS SEAT

Leading Event in the Senate Outside the Message.

DEMOCRATS NOT NUMEROUS

A NUMBER OF BILLS AND RESOLUTIONS INTRODUCED.

WASHINGTON, Dec. 2.—Interest in the session of the senate today was heightened by the fact that the president's message to congress would be read, and also that General Russell A. Alger of Michigan, former secretary of war under President McKinley, would be sworn in to fill the vacancy caused by the death of Senator McMillan. His desk and chair were hidden beneath a mass of flowers, and as he took his seat he was surrounded by a number of his colleagues, who extended hearty congratulations.

In the gallery were a number of General Alger's friends and members of his family. One hour and fifteen minutes were consumed in reading the president's message. Almost the entire Republican representation were in their seats, but not more than half the seats on the Democratic side were occupied. The closest attention was paid to the message as it was being read, and interesting senators would confer regarding some special part of it which had attracted their particular notice.

A number of bills and resolutions were introduced, following a brief executive session. The resignation of Rev. W. H. Milburn, the blind chaplain of the senate, was received with genuine regret. He had become a familiar figure in the body and was personally acquainted with every senator. No action was taken on the resignation.

Alger Sworn In.
Immediately after the reading of the journal, Mr. Burrows presented the credentials of Mr. Alger and asked that the oath of office be administered to him. The new senator was escorted to the desk of the president pro tem, Mr. Frye, by Mr. Burrows, where the oath was administered. Mr. Alger's seat is on the extreme right of the Democratic side of the chamber.

Platt (Conn.) and Jones (Ark.), the committee appointed by the senate to join a similar committee from the house to notify the president that they had performed this duty, whereupon Mr. Barnes, assistant secretary to the president, delivered the president's message to congress. Printed copies had been furnished each senator, and they closely followed the reading of the document. But few Democrats were in their seats when the reading of the message began. Senator Quesada, the Cuban minister, again occupied a seat in the diplomatic gallery and evinced much interest in the message.

Message Referred.
Upon the conclusion of the reading of the message, which occupied one hour and fifteen minutes, it was ordered to lie on the table and be printed.

A concurrent resolution offered by Mr. Morgan (Ala.), providing for the printing of a compilation of bills and debates in congress relating to trusts, was referred to the committee on printing.

SCHOOL GIRLS.

'Tis a pretty age—that time
in a girl's life when she has all
the beauties of womanhood
without the later lines of care
and worry.

But here and there even
among school girls appear pale
and drawn faces.

Pale blood is at the bottom
of the trouble and Scott's
Emulsion can cure it.

Scott's Emulsion brings
back the beauty to pale girls
because it is blood food.

Send for Free Sample.
SCOTT & BOWNE, Chemists, 405 Pearl St., N. Y.

The senate then, at 1:27 p. m., on motion of Mr. Lodge, went into executive session.

The doors were opened at 1:35. Mr. Frye laid before the senate a number of annual reports of government officials and then had read the resignation of Rev. W. H. Milburn, the blind chaplain of the senate. After the transaction of some routine business, Mr. Platt (Conn.) presented a resolution expressing the sorrow of the senate over the death of Representative Charles H. Russell of Connecticut, which was adopted, and as a further mark of respect, the senate, at 1:50 p. m., adjourned until tomorrow.

Personal Mention.

AMERSTURM H. Backman was admitted to practice in the federal court yesterday. Dr. Henry F. Hoyt of this city has gone to St. Paul, Minn., to attend the funeral of his youngest brother, Charles C. Hoyt, who died of typhoid fever Nov. 25, at El Paso, Tex.

Governor Wells and his staff will pay an official call on Colonel J. W. Bubb and his staff at Fort Douglas next Saturday. This is to return the recent call made by Colonel Bubb and staff.

He Found a Cure.
R. H. Foster, 318 S. 2d street, Salt Lake City, writes: "I have been bothered with dyspepsia or indigestion for 21 years; have tried many doctors without relief, but I have found a cure in Herbine. I recommend it to all my friends who are afflicted that way, and it is curing them, too." 50c at Z. C. M. I. drug department.

FALLING HAIR STOPPED.
Baldness Cured by Destroying the Parasite Germ That Causes It.

Baldness follows falling hair, falling hair follows dandruff, and dandruff is the result of a germ digging its way into the scalp to the root of the hair, where it saps the vitality of the hair. To destroy that germ is to prevent as well as cure dandruff, falling hair, and, lastly, baldness. There is only one preparation known to do this. Newb's Herpicide, an entirely new, scientific discovery. Wherever it has been tried it has proven wonderfully successful. It can't be otherwise, because it utterly destroys the dandruff germ. You destroy the cause, you remove the effect." Send 10 cents in stamps for sample. The Herpicide Co., 40 Jefferson avenue, Detroit, Mich.

NEW ENGLAND SHUT OUT

Great Britain Will Not Allow
Livestock to Be Landed Until
Disease Is Stamped Out.

Washington, Dec. 2.—Official notice of the action of the British government prohibiting the landing of livestock from the New England states was received at the department of agriculture today through the state department. Acting Secretary of Agriculture Willis L. Moore immediately issued the following public notice:

"The board of agriculture of Great Britain, in consequence of the outbreak of foot and mouth disease in New England, has issued an order prohibiting the landing in the United Kingdom of live animals from Maine, New Hampshire, Massachusetts, Vermont, Rhode Island and Connecticut. The British board of agriculture asks that public announcement of this fact be made in this country. Dr. Salmon is now in Boston and in accordance with the directions of Secretary Wilson, orders have today been issued sending a number of veterinary surgeons and experts to New England to report to Dr. Salmon and assist him in stamping out the disease."

Mr. Moore today ordered about twenty surgeons in the bureau of animal industry service in various western cities to proceed to New England to augment the force of experts already at work there fighting the epidemic. This force will also be added by the inspectors relieved from duty owing to the cessation of exportations to Great Britain. It is not yet known where the epidemic originated.

LOST ON THE LAKE.

Ashland, Wis., Dec. 2.—Fear is generally expressed here tonight that the steamer H. H. Wilhelm and tow, which left the Soo Sunday night, have fallen victims to the storm which swept Lake Superior Sunday night. The boats were found for Ashland, and are long overdue. No word has come that they have reached shelter at any place since leaving Salt St. Marie.

CHRISTMAS IS COMING.

So Is the Presbyterian Church Bazaar, Tomorrow.

If you like good things to eat or have an eye out for beautiful Christmas presents, you ought to read this.

The Ladies of the First Presbyterian church will open their Christmas gift bazaar tomorrow, Thursday, morning at 131 Main street, where Spencer Clawson does business, and it will be just the biggest, finest collection of good things, artistic things and useful articles you ever saw. The variety includes 'most everything a woman likes as a gift and a good many things men like. Also there are presents there that would suit both the heads of a family—such as a silver set or some of the high-class household supplies that will be on hand.

The catalogue of Christmas temptations at the bazaar would take columns of space, but it won't take you long to see them. You can drop in for a 25-cent business luncheon that starts off with oysters and ends with delicacies to tickle any man's palate; and after that luncheon you'll be in a mood to appreciate the sights. Or, if you're too busy in the day time, come in during the evening and enjoy yourself. Lots of people you know will be there to make it pleasant; and you will get a foretaste of the Christmas spirit that makes everybody feel good.

Thursday, Friday and Saturday, morning, afternoon and evening. Come as often as you like, but don't forget to come. At 131 Main street, where Spencer Clawson does business.

A PLEASANT SURPRISE

In Store For Those Who Doubt.
When you read that a sufferer of many years' standing has been completely restored to health by using Smith's Cure-all, you are inclined to doubt the statement and in fact have no belief in it whatever. The reason for this is that so much is claimed for the Cure-all it is impossible for anyone to believe it. If the advertiser confined his claims to the curing of one disease, as do the proprietors of Pyramid Pile Cure, readers would have much more faith in published testimonials. Those familiar with this great remedy know that testimonials as to its merit may be relied upon implicitly. The genuineness of the testimonial here given is vouched for and is but one of thousands received.

"I had a friend who had used one box of 50 cent Pyramid Pile Cure that entirely cured her. I saw the good effect on her, and thought I would try it, as I had got so I could not sit down without extreme pain and getting up was just as bad; the first box nearly cured me; I got the second box and have had no trouble since. Pyramid Pile Cure does all that it claims to do, and I never miss an opportunity to tell its merits. I speak from observation, and personal benefit. Two boxes cured me over a year ago, and no return of the trouble since." Mrs. M. Mooney, 6000 Sangamon street, Chicago, Ill.

Pyramid Pile Cure is sold by druggists for 50 cents a package, or will be mailed to any address upon receipt of price by Pyramid Drug Co., Marshall, Mich. Write this firm for their book describing the cause and cure of piles.

IT BEATS THE DUTCH

It beats the Dutch in the way of being good for you. It is the best of all things to eat or have an eye out for beautiful Christmas presents, you ought to read this.

The Ladies of the First Presbyterian church will open their Christmas gift bazaar tomorrow, Thursday, morning at 131 Main street, where Spencer Clawson does business, and it will be just the biggest, finest collection of good things, artistic things and useful articles you ever saw.
